

Celebrate Latino Family Day

and

International Space Day at the Virginia Air & Space Center

**Saturday, May 7, 2005
10 am - 3 pm**

Meet Astronaut Sid Gutierrez!

Gutierrez is the First Hispanic to both pilot and command the space shuttle. He flew on two shuttle missions, STS-40 & STS-59, after becoming a NASA Astronaut in 1985. Today he is very passionate about sharing his experiences with the community.

Present this ad to receive FREE admission. See below for details.

Former NASA
Astronaut Sid Gutierrez!

Celebrate Space Day and learn why NASA needs explorers like you!

- Participate in science demonstrations and create space crafts you can take home!
 - Come face-to-face with the Apollo 12 command module, a mars meteorite, a moon rock and more!
- Explore NASA's Vision of Space and interact with Langley researchers.
- Visit the Tidewater Hispanic News booth for information about your community.

KIDS! Enter our Return to Flight poster contest!

Create a poster honoring NASA's **Return to Flight**. Bring your creation to the Virginia Air & Space Center and you will have a chance to win great prizes!

For contest rules and more details, visit us on-line at
